

TABLE 5 — NUMBER OF ULTIMATE CONSUMERS — Year ended 30th June, 1949.

Code No.	Consumer Class	N.S.W.	Victoria	*Queensland	South Aust.	West Aust.	Tasmania
5.1	Domestic		445,634	188,309		92,104	58,399
5.2	Commercial	747,742	64,819	29,847	152,662	11,301	8,329
5.3	Industrial		20,337			1,689	4,094
5.4	Traction	2	8	1	1	3	2
5.5	Public Lighting	290	285	106	128	838	100
5.6	Total	748,034	581,083	218,263	152,791	105,935	70,924

N.S.W.: 5.1, 5.2 and 5.3: Comprises 631,822 domestic, 54,895 commercial, 18,523 industrial, and 47,502 consumers who cannot be readily classified, chiefly because many supply authorities have separate tariffs for light and power applicable to consumers in the several groups and record only the total number of consumers.

* Queensland: Figures are for 30/6/48.

South Aust.: 5.1, 5.2 and 5.3: Comprise 129,771 domestic, 10,577 commercial and industrial, and 12,314 unclassified consumers.

TABLE 6 — PARTICULARS OF ULTIMATE CONSUMPTION — Year ended 30th June, 1949.

Code No.	Consumer Class	N.S.W.	Victoria	*Queensland	South Aust.	West Aust.	Tasmania
6.1	Domestic		547,018,000	166,295,916		59,711,658	
6.2	Commercial	2,168,537,462	265,521,000	311,726,274	366,753,000	37,357,646	783,481,752
6.3	Industrial		762,112,000			184,608,209	
6.4	Traction	470,878,979	267,212,000	40,683,800	31,968,000	14,911,024	10,389,488
6.5	Public Lighting	43,771,240	38,935,000	8,674,676	5,235,000	3,411,463	4,523,965
6.6	Total	2,683,182,681	1,875,798,000	527,380,666	408,956,000	300,000,000	798,395,205

General: Where the classification is incomplete, the figures in the footnotes cannot be correlated with similar figures in Section 5.

N.S.W.: 6.1, 6.2 and 6.3: Comprise domestic 839,366,744 kWh, commercial 200,552,272 kWh, industrial 940,973,641 kWh, and 187,644,805 kWh miscellaneous and unclassified. Many supply authorities keep records of consumption under separate lighting, power and other tariffs, but cannot readily derive the consumption by classes. 6.4: Includes electricity used in workshops and other establishments. Comprises Department of Railways 335,980,809 kWh, and Department of road Transport and Tramways 134,893,170 kWh.

* Queensland: Figures are for 1946/48.

South Aust.: 6.1, 6.2, 6.3: Comprise 137,121,000 kWh domestic, 70,078,000 kWh commercial, 150,784,000 industrial, and 8,770,000 kWh unclassified. The apparent decrease in commercial consumption is due to reclassification of various consumers.

Tasmania: 6.1, 6.2 and 6.3: Consumption has not yet been classified under these headings.

TABLE 5 — NUMBER OF ULTIMATE CONSUMERS — Year ended 30th June, 1950.

Code No.	Consumer Class	N.S.W.	Victoria	*Queensland	South Aust.	West Aust.	Tasmania
5.1	Domestic		468,261	196,770	..	93,788	62,151
5.2	Commercial	783,184	66,423	33,720	160,576	12,051	8,829
5.3	Industrial		21,937	1,836	4,850
5.4	Traction	2	8	1	1	3	2
5.5	Public Lighting	309	290	96	128	927	102
5.6	Total	783,495	556,919	230,587	160,705	108,605	75,934

N.S.W.: 5.1, 5.2 and 5.3: Comprises 648,906 domestic, 62,908 commercial, 19,704 industrial, and 51,666 consumers who cannot be readily classified, chiefly because many supply authorities have separate tariffs for light and power applicable to consumers in the several groups and record only the total number of consumers.

*Queensland: Figures are for 30/6/49: 5.2 and 5.3 includes 2,965 consumers under special farm tariff.

South Aust.: 5.1, 5.2 and 5.3: Comprise 126,550 domestic, 18,514 commercial, 1,753 industrial, 2 bulk supply, and 13,757 unclassified consumers.

TABLE 6 — PARTICULARS OF ULTIMATE CONSUMPTION — Year ended 30th June, 1950

Code No.	Consumer Class	N.S.W.	Victoria	*Queensland	South Aust.	West Aust.	Tasmania
6.1	Domestic		655,211,000	223,829,540	58,158,679		
6.2	Commercial	2,179,270,036	274,376,000	340,084,069	376,845,000	56,011,454	851,223,650
6.3	Industrial		809,527,000			147,991,835	
6.4	Traction	385,505,932	240,090,000	40,221,600	28,615,000	12,064,627	8,814,281

General: Where the classification is incomplete, the figures in the footnotes cannot be correlated with similar figures in Table 5.

N.S.W.: 6.1, 6.2 and 6.3: Comprise domestic 870,184,526 kWh, commercial 219,234,968 kWh, industrial 919,538,873 kWh, and 170,311,669 kWh miscellaneous and unclassified. Many supply authorities keep records of consumption under separate lighting, power and other tariffs, but cannot readily derive the consumption by classes.

6.4: Includes electricity used in workshops and other establishments. Comprises Department of Railways 265,000,000 kWh, and Department of Road Transport and Tramways 120,505,932.

*Queensland: Figures are for 1948-49.

6.2 and 6.3 includes 13,124,901 kWh sold for farm purposes.

South Aust.: 6.1, 6.2 and 6.3: Comprise 147,881,000 kWh domestic, 53,414,000 kWh commercial, 163,146,000 kWh industrial, and 12,404,000 kWh unclassified.

Tasmania: 6.1, 6.2 and 6.3: Consumption has not yet been classified under these headings.

N.S.W.: 4.33 Includes consumers in two undertakings near the Victorian border.

4.42 Includes 987 consumers supplied at D.C. by a number of small undertakings, and 6,748 supplied by Sydney County Council.

Victoria: 4.43 Approximately 1,660 consumers in Melbourne.

Queensland. Dissection of consumers at various voltages not available. All except certain special consumers receive supply at 415/240V. A.C., and in isolated cases a 220/240V., 240/480V. D.C.

South Aust: 4.14 The consumer on 25 cycles 220V. D.C. is the Municipal Tramways Trust.

N.S.W.: 5.6 Include such consumers as water supply and sewerage pumping and other specified uses by Councils which charge the cost of these services to special accounts. The large number of unclassified consumers is largely accounted for by the use of separate tariffs for lighting and power, applicable to consumers in more than one of the above classifications.

*Queensland : Figures for 5.1 to 5.6 are for year ended 30/6/1950.

Total figures are for year previous in each case.

§Excludes Commonwealth Territories prior to 1951.

General : Where the classification is incomplete, the figures in the foot notes cannot be correlated with similar figures in Table 5.

N.S.W., S.A.: General—The figures relating to numbers of consumers and particulars of consumption should not be related because in some cases supply authorities were able to give kWh consumption without the number of consumers and in other cases vice versa.

N.S.W. : 6.4 Includes electricity used in workshops and other establishments of the Department of Railways and the Department of Road Transport and Tramways. Comprises Department of Railways 267,780,720 kWh, and Department of Road Transport and Tramways 110,510,581 kWh.

*Queensland : Figures for 6.1 to 6.6 are for year ended 30/6/1950.
Total figures are for year previous in each case.

Tasmania : 6.1, 6.2 and 6.3 Consumption has not been classified under these headings.

N.S.W. : 6.4 Includes electricity used in workshops and other establishments of the Department of Railways and the Department of Road Transport and Tramways. Comprises Department of Railways 267,780,720 kWh, and Department of Road Transport and Tramways 110,510,581 kWh.

General : Where the classification is incomplete, the figures in the foot notes cannot be correlated with similar figures in Table 5.

N.S.W., S.A.: General—The figures relating to numbers of consumers and particulars of consumption should not be related because in some cases supply authorities were able to give kWH consumption without the number of consumers and in other cases vice versa.

N.S.W. : 6.4 Includes electricity used in workshops and other establishments of the Department of Railways and the Department of Road Transport and Tramways. Comprises Department of Railways 265,628,300 kWH, and Department of Government Tram and Omnibus Services 101,138,658 kWH.

*Queensland : Figures for 6.1 to 6.6 are for year ended 30/6/1951.
Total figures are for year previous in each case.

Tasmania : 6.1, 6.2 and 6.3 Consumption has not been classified under these headings.

Commonwealth : 6.1 to 6.5 Details not available.

Total Consumption —	Canberra	39,913,436
	New Guinea	5,468,159
	N. Territory	13,029,691
		58,411,286

N.S.W.: 7.4 Figure does not include revenue from 256,628,300 kWh's used for railway traction.

S.A.: 7.4 Figure does not include revenue from 3,820,985 kWh sold by the Municipal Tramways Trust for industrial purposes or for 26,390,860 kWh used by them for traction. Both of these quantities have been included in Table 6.

General: S.A. classified figures relate only to Electricity Trust of S.A. Unclassified revenue comprises £95,000 from the Trust's meter service charges and £419,000, which is the total revenue received by all other Electricity Supply Authorities in South Australia.

Tasmania: 7.1, 7.2, 7.3 Revenue has not been classified under these headings.

ELECTRICITY SUPPLY ASSOCIATION OF AUSTRALIA

Statistics of the Electricity Supply Industry in Australia -
Year 1952-53

In the printed Tables herewith all figures in regard to the State of Queensland have a lag of one year in relation to other States.

Figures for 1952-53 for the State of Queensland have become available since printing the 1952-53 statistics, and for convenience are quoted hereunder.

For the following year - 1953-54 - it is anticipated that figures for all States will be available for the same period, when arrangements will be made to adjust all printed Tables and percentages for the last five years.

Statistics for the State of Queensland -
Year 1952-53.

Sth. Aust. : 7.4 Figure does not include revenue from 3,437,000 kWh sold by the Municipal Tramways Trust for industrial purposes or for 21,851,000 kWh used by them for traction. Both of these quantities have been included in Table 6.

Sth. Aust. : General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue comprises £99,000 from the Trust's meter service charges and £564,000, which is the total revenue received by all other Electricity Supply Authorities in South Australia. The figures for total revenue for the years 1949 and 1950 relate solely to the Electricity Trust of S.A. Total revenue from other undertakings for these two years is not available.

West. Aust. : 7.1, 7.2, 7.3. It has not been possible to segregate these figures.

Tasmania : 7.1, 7.2, 7.3. Revenue has not been classified under these headings.

centres at 220/240V., 240/480V. D.C.

Sth. Aust. : 4.14 The consumer on 25 cycles 220V. A.C. is the Municipal Tramways Trust, Adelaide.

West. Aust. : 4.2 Reduction from previous years is due to changeover of frequency from 40 to 50 cycle.

4.3 Increase, apart from new consumers, due to changeover of frequency from 40 to 50 cycle.

4.4 Reduction due to many local generating stations of 220V. D.C. being closed down during year, and supply now taken at 50 cycles 250V., A.C.

Commonwealth : Figure includes Canberra.

									2,376,139 4.3

N.S.W. : 5.6 Include such consumers as water supply and sewerage pumping and other specified uses by Councils which charge the cost of these services to special accounts. The large number of unclassified consumers is largely accounted for by the use of separate tariffs for lighting and power, applicable to consumers in more than one of the above classifications.

Queensland : 5.7 The total for the year 1953-54 contains an adjustment to an overstatement in previous years. This adjustment is reflected in the comparatively small increase of 2.7%.

West. Aust. : 5.4 Fremantle trams converted to petrol and diesel buses.

Commonwealth : Figures include Canberra.
5.1—5.5 Figures are for A.C.T. and N.T. only.
5.6 Includes 2,470 consumers in New Guinea.

§Excludes Commonwealth Territories prior to 1951.

General

Where the classification is incomplete the figures relating to numbers of consumers and particulars of consumption should not be related because in some cases supply authorities were able to give kWh consumption without the number of consumers and in other cases vice versa.

N.S.W.

6.4 Includes electricity used in workshops and other establishments of the Department of Railways and the Department of Government Transport.

West. Aust.: 6.1, 6.2 and 6.3. It has not been possible to segregate these figures.

Tasmania : 6.1, 6.2 and 6.3. Consumption has not been classified under these headings.

Commonwealth : Total figure for 1953 refers to A.C.T. only.
6.1 to 6.5. Figures refer to A.C.T. and N.T. only.
6.6 Figure includes 21,473,140 for A.C.T. and 9,461,500 for N.G.

South Aust. : 7.4 Figure does not include revenue from 3,270,000 kWh sold by the Municipal Tramways Trust for industrial purposes or for 19,132,000 kWh used by them for traction. Both of these quantities have been included in Table 6.

General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue comprises 108,000 from the Trust's meter service charge and £660,000, which is the total revenue received by all other Electricity Supply Authorities in South Australia. The figures for total revenue for the year 1950 relates solely to the Electricity Trust of S.A. Total revenue from other undertakings for 1950 is not available.

West. Aust. : 7.1, 7.2, 7.3. It has not been possible to segregate these figures.

Tasmania : 7.1, 7.2, 7.3. Revenue has not been classified under these headings.

Queensland : 7.1 to 7.5. Revenue has not been classified under these headings.

Commonwealth : 7.1 to 7.5. Figures refer to A.C.T. and N.T. only.
7.6 Figure includes £240,553 for A.C.T. and £114,724 for N.G.

1955	960,332	4.2	721,292	4.8	322,493	5.5	224,406	5.6	151,469 9.6
1956	999,165	4.1	755,672	4.8	337,123	4.5	237,655	5.9	155,998 3.0

N.S.W. : The total for the year 1953-54 contains an adjustment to an overstatement in previous years. This adjustment is reflected in the comparatively small increase of 2.7%.

5.3 A reduction in this figure resulted from a reclassification of consumers in the St. George County District.

Commonwealth : Figures include Canberra, and 5.5 includes 828 Government consumers in Canberra.

General :

Where the classification is incomplete the figures relating to numbers of consumers and particulars of consumption should not be related because in some cases supply authorities were able to give kWh consumption without the number of consumers and in other cases vice versa.

N.S.W. :

6.4 Includes electricity used in workshops and other establishments of the Department of Railways and the Department of Government Transport.

Queensland and West. Aust. : 6.2 and 6.3. It has not been possible to segregate these figures.

Tasmania : 6.2 and 6.3. Consumption has not been classified under these headings.

Commonwealth : Total figures for 1953 refers to A.C.T. only.
6.1 to 6.7. Figures refer to A.C.T. and N.T. only.
6.6 Figure of 25,666,695 comprises kWh supplied for Government departments at Canberra.

South Aust.: 7.4. Figure does not include revenue from 2,000,000 kWh sold by the Municipal Tramways Trust for industrial purposes or for 1,000,000 kWh used by them for traction. Both of these quantities have been included in Table 6.

General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue comprises £111,000 from the Trust's meter service charge and £724,000, which is the total revenue received by all other Electricity Supply Authorities in South Australia.

West. Aust.: 7.2, 7.3. It has not been possible to segregate these figures.

Tasmania: 7.2, 7.3. Revenue has not been classified under these headings.

Queensland: 7.1 to 7.5. Revenue has not been classified under these headings.

Commonwealth: 7.1 to 7.5. Figures refer to A.C.T. and N.T. only.
7.6. Figure includes £298,331 for A.C.T. Government departments and £268,533 for N.G.

1958	60.235	8.1	40.005	8.8	18.253	11.9	12.155	13.4

Queensland : 7.1 to 7.5. Revenue has not been classified under these headings.

South Aust. : General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue of £738,000 is the total revenue received by all other undertakings in South Australia.

West. Aust. : 7.2, 7.3. Dissection as between these is an assessment only, being based on a survey.
7.2. Figure for 1956/57 amended to .2376 instead of .2398.
7.4. Figure for 1956/57 amended to .044 instead of .022.

Commonwealth : 7.1 to 7.4. Figures refer to A.C.T. and N.T. only.
7.5 to 7.6. Figures are N.T. £010 (million), Papua-New Guinea £.451 and Government Departments, Canberra £.378.

West Aust.: General. Changeover of State Electricity Commission of W.A. consumers from 40 cycle to 50 cycle is now complete.
 Commonwealth : Figure includes Canberra.

		1959	5,878.325	7.2	4,471.260	9.6	1,681.847	7.8	1,196.404

General :

The figures relating to numbers of consumers and particulars of consumption should not be related because in some cases supply authorities were able to give kWh consumption without the number of consumers and in other cases vice versa.

N.S.W. :

6.4 Includes electricity used in workshops and other establishments of the Department of Railways and the Department of Government Transport.

Queensland : 6.2 and 6.3. It has not been possible to segregate these figures.

West. Aust. 6.2 and 6.3. Dissection as between these is an assessment only, being based on a survey.

Commonwealth: Figures for 1956 refer to A.C.T. and N.T. only.
6.2 and 6.3. It has not been possible to segregate these figures.

General :

The figures relating to numbers of consumers and particulars of consumption should not be related except in total because in some cases supply authorities were able to give kWh consumption without the number of consumers and in other cases vice versa.

Victoria:

6.3 Includes 105,660 million kWh consumed by industrial farm consumers supplied by the State Electricity Commission of Victoria.

N.S.W.

6.1 A lower kWh consumption by Commercial consumers will be noted by comparison with the year 1959-60. This is due to a reclassification of consumers in the Residential, Commercial and Industrial classes by certain large undertakings.

West. Aust.

6.2 and 6.3. Dissection as between these is an assessment only, being based on a survey.

N.S.W.:

6.4 Includes electricity used in workshops and other establishments of the Department of Railways

Commonwealth: 6.2 and 6.3. It has not been possible to segregate these figures.

Victoria: 7.3 Includes £1,199,666 received from industrial farm consumers supplied by the State Electricity Commission of Victoria.

Queensland: 7.1 to 7.5. Revenue has not been classified under these headings.

South Aust.: General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue of £672,000 is the total revenue received by all other undertakings in South Australia.

West. Aust.: 7.2, 7.3. Dissection as between these is an assessment only, being based on a survey.

General. A decrease in tariffs during 1960-1961 has resulted in the percentage increase in Revenue being considerably less than in the percentage increase in Kilowatt hours sold.

Commonwealth: 7.2 and 7.3. It has not been possible to segregate these figures.

General :

The figures relating to numbers of consumers and particulars of consumption should not be related except in total because in some cases supply authorities were able to give kWh consumption without the number of consumers and in other cases vice versa.

N.S.W. :

6.4 Includes electricity used in workshops and other establishments of the Department of Railways

Victoria:

6.3 Includes 123.353 million kWh consumed by industrial farm consumers supplied by the State Electricity Commission of Victoria.

Queensland:

Excludes units distributed in northern New South Wales, which up to 1961-62 had been included in the Queensland figures.

West. Aust.:

6.2 and 6.3 Dissection as between these is an assessment only, being based on a survey, the formula for which was revised for 1962-63.

Commonwealth Territories: Other:

Figures for 1962-63 not available from Northern Territory and Papua and New Guinea, so figures for 1961-62 have been repeated. It has not been possible to segregate the figures for Code Nos. 6.2 and 6.3.

Commonwealth Territories: Other:

Figures for 1962-63 not available from Northern Territory and Papua and New Guinea, so figures for 1961-62 have been repeated. It has not been possible to segregate the figures for Code Nos. 6.2 and 6.3.

Victoria: 7.3 Includes £1,420,148 received from industrial farm consumers supplied by the State Electricity Commission of Victoria.

Queensland: General. Excludes revenue from units distributed in northern New South Wales, which up to 1961-62 had been included in the Queensland figures.

7.2 and 7.3. It has not been possible to segregate these figures.

South Aust.: General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue of £829,290 is the total revenue received by all other undertakings in South Australia.

West. Aust.: 7.2 and 7.3. Dissection as between these is an assessment only, being based on a survey, the formula for which was revised for 1962-63.

General. A decrease in tariffs was operative for the full year of 1961-62 as compared with four months of 1960-61.

Commonwealth Territories: Other. Figures for 1962-63 not available from Northern Territory and Papua and New Guinea, so figures for 1961-62 have been repeated. It has not been possible to segregate the figures for Code Nos. 7.2 and 7.3.

[35]

N.S.W.: 5.3 A reduction in the number of industrial consumers will be noted by comparison with the previous year, due to a reclassification of consumers by a major electricity supply authority.

Victoria: 5.3 Includes 40,410 industrial farm consumers supplied by the State Electricity Commission of Victoria.

West. Aust.: 5.2 and 5.3 It has not been possible to segregate these figures.

Commonwealth Territories: Other: Figures for 1962-63 not available from Northern Territory and Papua and New Guinea; so figures for 1961-62 were repeated.
5.2 and 5.3 It has not been possible to segregate these figures.

Victoria:

7.3 Includes £1,575,769 received from industrial farm consumers supplied by the State Electricity Commission of Victoria.

Queensland:
General. Excludes revenue from units distributed in northern New South Wales, which up to 1961-62 had been included in the Queensland figures.

7.2 and 7.3. It has not been possible to segregate these figures.

South Aust.:
General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue of £908,242 is the total revenue received by all other undertakings in South Australia.

West. Aust.:
7.2 and 7.3. Dissection as between these is an assessment only, being based on a survey, the formula for which was revised for 1962-63.

Tasmania:
Estimated unread meter revenue for 1962 and 1963 has been excluded from this table and the figures for those years adjusted accordingly.

Commonwealth Territories:
Other. Figures for 1962-63 not available from Northern Territory and Papua and New Guinea, so figures for 1961-62 have been repeated. It has not been possible to segregate the figures for Code Nos. 7.2 and 7.3.

General:
Attention is drawn to the fact that the total revenue shown in this Table cannot be related to the expenditure shown in Table II.

Victoria:
Queensland:

7.3 Includes £1,801,194 received from industrial farm consumers supplied by the State Electricity Commission of Victoria.
Table 7 totals 1961-1964 revised.

General. Excludes revenue from units distributed in northern New South Wales, which up to 1961-62 had been included in the Queensland figures.
7.2 and 7.3. The distinction between commercial and industrial revenue was the subject of a special survey during 1964-65.

7.3 Includes revenue from industrial farm consumption.

General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue of £916,561 is the total revenue received by all other undertakings in South Australia.

7.2 and 7.3. Dissection as between these is an assessment only, being based on a survey, the formula for which was revised for 1962-63.

Other. Figures for 1962-63 not available from Northern Territory and Papua and New Guinea, so figures for 1961-62 have been repeated. It has not been possible to segregate the figures for Code Nos. 7.2 and 7.3.

Attention is drawn to the fact that the total revenue shown in this Table cannot be related to the expenditure shown in Table II.

Victoria: 5.3 Includes 46,523 industrial farm consumers supplied by the State Electricity Commission of Victoria.

Victoria: Totals 1962-1965 inclusive have been revised.

Qld.: 5.3 Includes approx. 21,000 industrial farm consumers.

5.2 and 5.3 The separation of commercial and industrial consumers which was previously estimated, is based on a special survey during 1964-65.

Sth. Aust.: 5.3 Includes 15,146 farm consumers supplied by the Electricity Trust of Sth. Australia.

West. Aust.: 5.2 and 5.3 It has not been possible to segregate these figures.

Commonwealth Territories: Other: Figures for 1962-63 not available from Northern Territory and Papua and New Guinea; so figures for 1961-62 were repeated.

5.2 and 5.3 and 5.5 and 5.6 It has not been possible to segregate these figures.

General: Figures do not include unread meters at 30th June.

N.S.W.: 6.4 Includes electricity used in workshops and other establishments of the Department of Railways.

Victoria: 6.3 Includes 158.158 million kWh consumed by industrial farm consumers supplied by the State Electricity Commission of Victoria.

Queensland: Excludes units distributed in northern New South Wales which up to 1961-62 had been included in the Queensland figures.

Queensland: 6.3 Includes approximately 160 million kWh industrial farm consumption.
6.2 and 6.3 The distinction between commercial and industrial consumption was the subject of a special survey during 1964-65.

Sth. Australia: Owing to some undertakings classifying the consumption but not the consumers, these figures cannot be correlated with similar figures in Table 5.

West. Aust.: 6.2 and 6.3 Dissection as between these is an assessment only, being based on a survey, the formula for which was revised for 1962-63.

Commonwealth Territories: Other:
Figures for 1962-63 not available from Northern Territory and Papua and New Guinea, so figures for 1961-62 were repeated. It has not been possible to segregate the figures for Code Nos. 6.2 and 6.3 and 6.5 and 6.6.

Victoria: 5.3 Includes 52,006 industrial farm consumers.

Qld.: 5.3 Includes approx. 22,800 industrial farm consumers.

Sth. Aust.: 5.3 Includes 17,456 farm consumers.

West Aust.: Each block of flats treated as one consumer although there is sub-metering as well. No. of submeters at 30/6/68 equals 38,466.

Commonwealth Territories: Other: 5.2 and 5.5 Territory of Papua and New Guinea farm consumers-industrial covered by the commercial rate
5.5. Public lighting in Territory of Papua-New Guinea now regarded as one consumer only the Administrator
paying a contractual figure annually.

General: Figures do not include unread meters at 30th June.

Victoria: 6.3 Includes 193.674 million kWh consumed by industrial farm consumers.

Queensland: 6.3 Includes approximately 149 million units industrial farm consumption.

Totals: Victorian figures for 1967 revised.

Sth. Australia: Owing to some undertakings classifying the consumption but not the consumers, these figures cannot be correlated with similar figures in Table 5.

West. Aust.: 6.2 and 6.3 Dissection as between these is an assessment only, being based on a former survey.

Victoria:
Queensland:

7.3 Includes \$5,200,449 received from industrial farm consumers.
7.3 Includes \$4.5 million revenue from industrial farm consumption.

South Aust:

General. Classified figures relate only to Electricity Trust of S.A. Unclassified revenue of \$2,248,000 is the total revenue received by all other undertakings.

West. Aust.:

7.2 and 7.3. Dissection as between these is an assessment only, being based on a former survey.

General:

Total revenue shown in this Table should not be related to the expenditure shown in Table II. Figures do not include unread meters at 30th June.

5.3 Includes industrial farm consumers.

Victoria 54,670
Queensland 24,500
South Aust. 19,055

West. Aust.: Each block of flats treated as one consumer. No. of submeters at 30/6/70 equals 50,752.

Victoria: 1967 figure amended.
Total: 1966 figure amended.

General: 7.3 Includes income from industrial farms.

Victoria \$5,569 (m)
Queensland \$6,100 (m)

South Aust. \$2,012 (m)

7.7 Income, being from sales of electricity only, is not directly related to expenditure in Table 8.
